WETASKIWIN, ALTA., THURSDAY, JULY 25th, 1912

V. C. FRENCH, Publisher

Another Dismissal Without Cause

Dr. R. D. Robertson received a letter on Wednesday informing him that he had been discharged by the Department of Indian Affairs at Ottawa from further medical attendance at the Hobbema Indian Agency, and that the dismissal was effective at once. Dr. H.C.R. Walker is appointed in his stead. Dr. Robertson has held the position of medical attendant at the agency for several years, and has given every satisfaction. In fact, he was complimented by one of the government officials shortly before the last election on the efficient manner in which he was performing his duties. The only reason, therefore, that can be given for this change is political.

McDawin, the Automobile Promoter, Absconds

H. Ewen McDowan, the promoter, with many aliases who is now sought by the police on two charges of operating alleged corporations without being registered in Canada. He is the same man who sold stock in the "Great West Coal Company of Pittsburgh, Pa., capitalized at \$100,000,000" last summer in this city, and more recently threatened to build automobile factories at Wetaskiwin and Tofield. He is proprietor of the Vulcan Corporation, Limited and the McDowan Construction Company, the former capitalized at \$500,000,000 for the purpose of making automobiles and the latter for the purpose of building houses.

Town Topics

Mr. and Mrs. H. J. Montgomery and family spent the week-end with friends at Innisfail. They returned home on Monday evening.

A. G. Lindbloom who is homesteading north of Vermilion, arrived in the city this week to renew acquaintances. He is en route to his old home near Asker.

The importance of the C.P.R. report at this point has been greatly improved, both in and out, by the application of a generous coat of paint.

Miss Bernard, of Strathcona, who has been visiting her sister, Mrs. F. W. Tracey, and other friends here for the past couple of weeks, returned home on Wednesday.

Mr. Enson, who has been at this branch of the Merchants Bank, for nearly a year, was transferred to the Trochu branch last week. He is one of the best hockey players in the province, and will be greatly missed from the Wetaskiwin line-up this coming winter.

Messrs. MacEachern and McCallum closed down their mill on Saturday, after a most successful season's run. The machinery is now being overhauled and put in readiness for the reopening of the mill, which will be as soon as the grain commences moving in the autumn.

Wetaskiwin Man Wins Championship

Jake Huber proved himself to be one of the foremost athletes of the province at the provincial meet held at Red Deer on the 17th inst. In competition against the best trained men of the province, he managed to carry off five of the prizes as follows: First in hop, step, and jump, his distance being 43 ft. 8 in.; second in running broad jump, distance 18 ft. 11 in.; second in running high jump, distance, 5 ft. 4 in.; third in 100 yard dash, and third in the hurdles. Apart from Edmonton and Calgary, he won the greatest number of points of any of the competitors at the meet.

McNally -- Blakeney Nuptial

The marriage took place Thursday at the home of Rev. J. C. Bowden, Winnipeg, formerly pastor of the Strathcona Baptist church and now of Broadway Baptist church, Winnipeg, of G. Fred McNally, inspector of schools for the Wetaskiwin district, and Miss Charlotte Blakeney, formerly teacher in King Edward school

Town Topics

Misses Wedin and S. M. Schriebl spent the week-end at the Capital renewing acquaintances.

The many friends of Mr. and Mrs. J. F. Richards are pleased to learn that their son is convalescing nicely after an attack of fever.

Mrs. N. A. Johnston arrived in the city on Thursday last to join her husband Dr. Johnston, who recently opened a veterinary surgeon's office on Lorne street east.

Mr. and Mrs. R. B. Terry and family and Messrs. Baker of Edmonton and Claude Hughes went to Pigeon Lake a few days ago to spend a couple of weeks camping out.

Miss Mattie Constable, of London, Ont., was in the city last week visiting at the home of Mr. and Mrs. J. F. Staples. She was en route for Edmonton, where she has a social good situation as milliner.

L. D. Cameron, of Cairns, Alta., arrived in the city last week to visit relatives and friends. He is suffering with blood poison in one of his hands, and is receiving medical treatment.

Mrs. Tanton and daughter, Miss Tanton, of Sutherland, P.E.I., arrived in the city last week to spend some time visiting at the home of her daughter, Mrs. C. E. Compton, and with other friends.

J. U. Thibaultau left on Sunday for St. Paul de Metis, where he is spending this week, taking stock and concluding arrangements to move his stock up from here, unless he effects a sale en bloc in the meantime.

The enterprising management of the Empress Theatre presented the Regina Cyclone pictures on the canvas on Friday and Saturday evenings last. Crowded houses were in attendance both nights and enjoyed the entertainment provided.

A business deal was consummated last week when Messrs. Atkinson & Tocher of Lacombe purchased the implement business of F. M. Beiristo. They took immediate possession. Mr. Beiristo will engage in some other line of business in the city.

Ald. May of Edmonton was in the city on Tuesday. He came down to join the Edmonton Business Men's Executive, which passed through Wetaskiwin en route south on the first day line. This is Ald. May's first stop in Wetaskiwin, and he was delighted with the general appearance of the city and thought there was a very bright future for "The Sunny City with the Sunny Smile."

H. D. Mills, J. P., expects his elder brother, Nathaniel Preston, to pay him a visit shortly. He is an old veteran, having joined the first company raised in the city of Hamilton. The present Lieutenant-Governor of Ontario, Hon. John M. Gibson, was a member of the same company. Mr. Mills has been in the States for over forty years; has been mayor of Kenosha, Ill., and has been employed on the Illinois Central Railway for thirty years. In his young days previous to coming to Canada, he went around the world as a midshipman on board the ship Orwell. Coming home, "on near the Isle of Wight, a shot was fired across the bows. This was ordered to haul down their flag, and was the first they knew of the death of the Prince Consort, husband of the late Queen Victoria. He has some investments in this district, which he is anxious to see for the first time.

The board of examiners which have been reading the standard 8 papers at the Alexandra school during the past couple of weeks, concluded their duties on Saturday evening last. The papers they read were from educational centers in the southern part of the province. It is likely the results of the examinations will be announced early in August.

The board was composed of the following: Inspector Hill of Edmonton, chairman; Inspector Thibaultau, of Lacombe; Inspector Aylesworth, of Olds; Messrs. Garvey of Gadsby, Armstrong of Bowden; Bowler of Rimbey; Brooks, of Bawlf; Henderson, of Sedgewick; Cameron, of Dayland; Gibson of Round Hill; Edwards, of Leduc; Bishop, of Blackfalds, and Messrs. Summerby of Red Deer and Barnhill of Penhold.

Town Topics

J. H. Ellis made a business trip to the Capital on Monday.

Paul Holowatsuk of Round Hill, was in the city on Saturday on business.

T. A. Angus made a business trip to Strome last week. He was also shaking hands with friends there.

Mrs. M. Lane, who has been spending the past three months at the home of her daughter, Mrs. W. W. Doozee, left for her home at Hallsburg, Ont., on Monday.

Boyer's Minstrels were in the city on Tuesday. Owing to the rain they played in Angus Theatre instead of their tent. The hall was packed, but the show was not the best ever presented in the city by any means.

Robt. Ward went to Toronto on Thursday last week to have a nacer, which has been growing on his hip for some time, removed by a specialist. His friends hope to see him return fully cured of his trouble.

Miss Maude Sinclair, of the Calgary Teaching staff, arrived in the city this week to spend a portion of her vacation visiting at the home of her sister, Mrs. H. L. Higgs, and renewing acquaintances.

Mr. and Mrs. J. A. Kerr of Ponoka came up to the city on Wednesday afternoon. Mr. Kerr is en route to near Ottawa, where he has been summoned owing to the serious illness of his mother. Mr. Kerr will visit with relatives here until his return.

The sympathy of the community is extended to Mr. and Mrs. L. Winslow in the loss of their infant son, Herbert H. The family recently arrived from Nebraska. The funeral service was conducted by Captain Newell of the Salvation Army at the City Hall. The interment took place in the Wetaskiwin cemetery.

The police are desirous of giving a final note of warning to all owners and operators of motor vehicles, that anyone found exceeding the speed limit within the city after this notice will be prosecuted. Recently, several serious accidents have been narrowly averted, and the police are determined to stop all excessive speeding.

Distinct honor has been won by a former boy of the Wetaskiwin district. Frederick O. Roberts, who left for British Columbia a couple of years ago, with his parents from Hildesheim. He obtained highest marks of any candidate in the province who wrote on the recent rural high school entrance examinations. His marks were 818 out of a possible 1100. This speaks volumes for the educational system of Alberta, as Fred, received his primary instructions from the teacher at the Hildesheim school. We join in congratulating our young friend and wish him equal success in his educational career.

On Friday afternoon last, Mrs. J. U. Thibaultau (who is shortly leaving for St. Paul de Metis) was the "rainbow" girl of a very pleasant afternoon tea at the residence of Mrs. R. Roberts. Despite the inclemency of the weather, a goodly number of ladies availed themselves of the opportunity of paying their respects to a lady who has always been at the forefront in social and philanthropic movements in the city. Mrs. Geo. D. Wallace and Mrs. A. G. Gross presided at the tea table, which was prettily decorated with sweet peas and wild flowers, while Miss Wilkins and Miss Marie Thibaultau served the dainty refreshments. Mrs. Knox rendered a very piano-forte selections in a very pleasing manner.

Two old-timers of the city started in to celebrate on Monday last, and although they were both of one mind early in the afternoon, as night drew on they were not seeing eye to eye. It culminated in an exhibition in one of the bar rooms where no referee was called in to announce the champion, and in which no known rules of boxing applied. One of the participants was badly disgraced. As an outcome the coffers of the city are enriched \$40, each of the aspirants for pugilistic honors contributing \$20 and each. Such was the ruling of D. C. McLean. J. P. on Tuesday morning. Chief of Police James gives warning that if anything of this kind occurs again in the city, the punishment will be much more severe.

Ambassadors of Swedish Government Here

Wetaskiwin was visited by two eminent gentlemen from Sweden on Monday. They were Prof. Gunnar Anderson, of the University College of Commerce, Stockholm, and Mr. J. Holmberg, of Ostersund. They are on a tour around the world, on behalf of the Swedish government, collecting data that will assist the government in lettering the present conditions of her people. Their report will deal particularly with agriculture and forestry, and with the condition they find the immigrants who have left the mother land to settle in Canada and the United States. They were driven through the district in company with Messrs. C. H. Swanson and Geo. McManus, and met several of the Swedish settlers and conversed with them in their home, and were shown the rapid advancement made, and the comfort now enjoyed, by the people of this district. The distinguished gentlemen were greatly pleased with what they saw in the Wetaskiwin district, and they had no hesitation in saying that this was one of the finest sections of country they had seen in their extensive travels.

Sir Montagu Allan Visits Wetaskiwin

Sir Montagu Allan, president of the Merchants Bank of Canada, arrived in the city on Wednesday afternoon from the north, and remained here until the 11.45 train for the east. While here he was busily engaged interviewing the managers of the different branches in this district. Sir Montagu was accompanied by J. W. Blackwell, vice-president of the bank, and Thos. Long, of Toronto, one of the directors. The party has been through to the coast visiting the ranches of the bank there, and returned to Alberta by way of the Kootenay Lakes and Lethbridge. The rainfall of the past few weeks was commented upon by the party, who said they were glad to learn that so far the crops had not suffered, and that there was good prospects of there being excellent crops this year. "There is no doubt we need good crops," commented Sir Montagu. "Some of the farmers we have carried for a long time, and in some instances it might be serious if crops were to fail. I am glad to see that the northern part of Alberta are farming in thoroughly for mixed farming. Mixed farming, I believe, is the only sound basis on which to build a good agricultural foundation in Alberta."

Thugs Attack Night Porter

A sensation was created at the Prince of Wales hotel about 2.30 on Wednesday morning when a porter named Jas. Beach was attacked by two thugs. When Beach returned from meeting the train, he noticed the men stealthily creeping around the hotel. He was instantly attacked by the two culprits and hit over the head by a sling shot which rendered him unconscious for several hours. Persons inside the hotel hearing the racket, came out and found Beach lying where he had fallen. He was taken into the house and medical aid summoned. A search was then instigated in an effort to capture the perpetrators, but they could not be found. At daylight foot-prints were followed across the sandy street to the rear tracks and were then lost. One is described as being quite tall, while the other man was shorter than the average. It is thought they were followers of the minstrel show, or else tramps who came in by a freight. Beach was not seriously injured, and is getting along as well as can be expected.

Town Topics

G. L. Gothard has been in Calgary during the past week attending the annual convention of the Canadian Society of Domestic Sanitary and Heating Engineers.

The officers and members of Wetaskiwin L.O.L. 1776 desire to heartily express their thanks and appreciation to the mayor, aldermen and citizens. The speakers of the day, ladies who sold tags, police, handmen, and all who contributed in any way towards making the 12th of July celebration such a grand success.

Mr. and Mrs. E. H. O'Brien and family of Wetaskiwin, arrived here Sunday, the latter visiting at the home of Mr. and Mrs. J. H. Thorsley, six miles south--Rivley Times.

of his interest in the hardware business in Innisfail was in the city last week renewing acquaintances before leaving for Ontario, where he will reside in future. Mrs. Nelson accompanied him.

During the past week the freight yards at this point have been so congested that it has been almost impossible for the yard crews to handle the cars. As a rule freight trains are now obliged to remain just outside the yards for several hours until the track can be cleared to admit them.

Rev. Geo. W. Sparling, B.A., Missionary of St. Chuan, West China, were visitors in town on Wednesday. They are on their way to St. Marys, Ont. on Thursday. Mr. Sparling is an old colleague of Rev. Aldridge, having entered the work of the ministry at Fort Saskatchewan some years ago. Mrs. Sparling is a near relative of Mr. R. Switzer of this city.

CITY OF WETASKIWIN

Tenders For Drilling Gas Well

TENDERS will be received by the undersigned up to, and including August 13th, 1912, at 5 p.m., for deepening the old gas well situated near the Power House to an approximate depth of 1200 feet.

The well has been already drilled to a depth of approximately 930 feet and is finished with 6 inch casing. In deepening, it would be necessary to finish the well with 4 inch casing.

The contractor to furnish fuel, water and all necessary material, including the casing. Further particulars and specifications may be obtained upon application to the City Engineer.

The lowest or any tender not necessarily accepted.

EMINENT NATURALISTS IN ALBERTA

Frederick K. Vreeland of Mountclair N. C., and William F. Patterson, of Milburn, N. J., are expected in Edmonton in a few days on a trip into the extreme northern parts of Alberta and British Columbia in the interests of the Smithsonian Institute of Washington, D. C. Their purpose is to determine the northern limit of the habitat of the Big Horn Sheep of the Rocky Mountains, to ascertain if in the northern part of British Columbia the Big Horn and the Stool Sheep occupy the same territory; and to capture specimens of both varieties, as also the white goat, mountain caribou, and brown bear. They expect to be gone three months and will travel to the end of the steel on the Grand Trunk Pacific at the Fraser River. From this point they will proceed in canoes by way of the Crooked River to the Parangip River. When the head waters of that stream are reached the explorers will make a portage to the head waters of the Peace River and there re-embark. The two naturalists will explore the mountain wilds on both sides of the Peace River, shooting such specimens as they desire and photographing the country. They expect to get many photographs of wild life in its native haunts. The Canadian law which forbids the exportation of mountain sheep and goat and caribou has been withdrawn at the request of the Smithsonian Institute. Mr. Vreeland hunted mountain sheep and goats in the Canadian Rockies several years ago and one of the finest specimens of the mountain goat to be found in America now adorns the walls of the Mountclair Athletic Club.

HOMESTEAD MAP OF ALBERTA NOW READY FOR DISTRIBUTION

A publication which should prove of value to every person interested in the progress of Western Canada is now being prepared in the Railway Lands Branch of the Department of the Interior. This interesting compilation which is being issued by separate provinces has in a most graphic way the land situation up to the beginning of the present year and known as the Homestead Map of the Three Prairie Provinces. The Alberta sheet of the publication is now available for free distribution.

Shows Lands Disposed of and Those Available For Entry.

Nothing conveys so forcibly to the eye the rapid manner in which Western Canada is being settled as does this map of many colors illustrating as it does by a comparatively simple system of coloring the land situation up to the beginning of the present year.

Up-to-Date in Other Respects

Irrespective of the information with respect to lands which have been homesteaded and otherwise disposed of, the publication contains complete information with respect to Indian Reserves, timber berths, grazing tracts, post offices, railways, topography, etc.

Free Distribution Like so many of his publications of

EXCURSION TO LACOMBE EXPERIMENTAL FARM

The Department of Agriculture in conjunction with the Dominion Experimental Farm, Lacombe, will run an excursion train from Strathcona to Lacombe on July 29th, to give the farmers and their families an opportunity to visit the Experimental Farm at Lacombe. Meals will be served on the grounds at reasonable rates and those bringing lunch baskets will have an opportunity to buy tea and coffee on the grounds. Mr. Hutton, Manager of the farm, will be prepared to conduct the visitors over the farm.

PROVINCIAL NEWS

Vegreville is about to drill for natural gas, there being several places where the gas has been found in considerable quantity, forcing its way up from deep wells.

J. C. Morrison, a well-known old-timer of the Bathurst district, eight miles north, died last Friday evening as the result of bites received in the fleshy part of the right leg a day or so before from a vicious station. He immediately after the accident, Dr. McPherson was called, but the sufferer succumbed Friday noon. He was a well-to-do man and his death is a great loss to the community.

Jacques Lafrenche, a French half-breed, made a daring escape from Alberta penitentiary Monday afternoon. The get-away took place almost under the eyes of a guard who stood only a few yards away on a knoll of ground. His description is as follows:

Nationality—French half-breed.
Age 27.
Weight—138 pounds.
Height—5 feet 14 inches.
Complexion—Dark.
Eyes—Dark brown.
He was sentenced to ten years' imprisonment at Medicine Hat on three charges of horse stealing, by Justice Winters, February 18th, 1908.

Electric Restorer for Men
Phosphorus restores every nerve in the body and vitality. Promotes sleep and all sexual weakness. Arrives at once. Washed and makes you a new man. Price \$1.00 a box, or two for \$1.95. Write for full particulars. The Booklet Dr. G. St. Catharines, Ont.

If you're a member of an organization you owe it the compliment of showing your colors to the world.

If you are not proud to be a member of it, you shouldn't belong. If you are, you should wear an emblem of some nature to demonstrate the fact.

We have charms, buttons and pins in all sizes and shapes, the official emblems of all secret and social organizations, solid gold or plated— all very modestly priced.

If you are considering a gift to a member of your lodge—or to husband, brother or friend, nothing would be more appropriate than an emblem of the order to which he belongs.

A Safe Guide

To follow in selecting a firm is to go out and see it at first. It is of use, while the crops are in the house, before they are laid up. You can see them just what it will produce and be not have to take anyone's word for it. We have some that are famous producers and are making good money for their own money. Better come in and see us about them.

—Give us a Trial—

A root cellar like this won a prize last year.

THE drawing was made from a photograph of the root-cellar with which D. A. Purdy, of Lumsden, Sask., won a cash prize in last year's contest. In that last contest there were 36 prizes. There will be three times as many prizes (108) in the

1912 FARMERS' PRIZE CONTEST

THUS you will have three times as many chances of winning a cash prize. You do not have to use any certain amount of Canada Cement to win a prize. There are absolutely no "strings" to this offer. There are twelve prizes for each Province (three of \$50, three of \$25, three of \$15, and three of \$10) and you compete only with other farmers in your own Province and not with those all over Canada.

It makes no difference whether you have ever used cement. Many of last year's winners had not used it until they entered the contest. When you write for full particulars, we will send you, free, a book, "What the Farmer Can Do With Concrete," which tells everything you need to know about concrete. It is absolutely free, and you are under no obligation to buy "Canada" Cement or to do anything else for us.

WRITE your name and address on the coupon, and mail it, in an envelope or post card, and we will send you at once the book and full particulars of the 1912 Prize Contest.

Canada Cement Company Limited Address Publicity Manager 504 Herald Building, Montreal

"Those who inherit Empires have others shave them—
Those who create Empires shave themselves."

It's over a century since Napoleon Bonaparte evolved this bit of philosophy. While the first part no longer holds (Kings and Emperors now use the Gillette) the second part is truer than ever since the coming of the

GILLETTE Safety Razor

The busy men who are doing the world's big work to-day—who are creating Empires of commerce and finance—have little time to waste with the barber. They shave themselves with the GILLETTE, not because it saves them money, but because it saves them time and trouble.

Besides, there's a keen satisfaction, to the self-reliant man, in giving himself a clean, cool, comfortable GILLETTE shave in three minutes. Try it yourself. Your Hardware Dealer, Drug-gist or Jeweler can show you a Gillette Set to suit your needs and fancy. Standard Sets \$5.00—Pocket Editions \$5.00 to \$6.00—Combination Sets \$6.50 up.

Sunday School Lesson

By EVANGELINE

CURRENT EVENTS IN THE LIGHT OF PROPHETIC TRUTH

July 28th. Matt. 13:24-30, 36-43.

The parables of the tares in Matthew thirteen should be of special interest to newspaper readers, for it deals with current events which are full of meaning.

The parable reveals in a form which would veil the true meaning for a time, but would allow it to become progressively clear as time rolled by the distinguishing characteristics of this age, beginning with the time when He as a sower went forth to sow down through the Christian age until He as a husbandman would gather the harvest.

Briefly stating the parable is as follows:

"The Kingdom of Heaven is like a man who sowed good seed in his field. 'He that soweth good seed is the Son of Man and the field is the world, and the good seed are the sons of the Kingdom.'"

In the parable of the Sower, "the seed is the word of God," in this "the good seed are the sons of the Kingdom." "Those in whom the seed of the Living Word would produce life, in whom heaven would begin on earth."

Such lives scattered throughout the world by God would reveal the ideal.

Ideal fathers, ideal mothers, ideal children, would be those born again into the family of the King of Heaven and ruled by Him. Such seed was intended for dispersion in the world's great field; just as most seeds have wind-propellers to carry them afar so the members of the living church would be positive, aggressive, influences for God carried along by the Spirit.

"While men slept, His enemy came and sowed tares along the wheat and went away." The tares are the sons of the evil one and the enemy that sowed them is the devil.

"The devil would do his work 'while men slept.' He would never lose an opportunity when men were asleep. The fruit of man sowing His seed in the world is due to the fact that men, like the virgins, 'slept' on a sleep." They fell asleep with reference to the great commission of the Kingdom. They fell asleep with reference to God's magnificent purpose and plans revealed in "the sure word of prophecy which, Peter says, 'Ye do well to take heed.' And while they slept they dreamt that eternal virtues were myths belonging to a medieval age, and they invented a new theology of their own in which the creature rather than the Creator became the object of worship."

When the devil had sown the tares among the wheat "he went his way—got out of sight—so that men might not be rudely awakened as to the reality of his existence."

All through the age he would "be permitted to sow his seed throughout the world, and Opportunity would be given for unsaved men to bring forth the very best that was in them with the aid of their chosen leader."

"Let both grow together until harvest." They were to have a "same soil, air, moisture and sunshine as the wheat." The devil would put forth every effort on behalf of the progress of the race apart from God.

Mauro says, "the intense activity of the age, the tremendous superabundance of energies put forth, the marvelous material development, as well as intelligence displayed in every line in the spiritual realm, about the Satan's interest in the success of his plan for humanity. Nature is pillaged of all her resources, creation is ransacked to yield up her secret stores and lend her hidden forces to the service of man, but despite the fair and promising appearance of the imitation wheat, the product is mockery to those who have spent their toil and tears."

Suffered With Nerve Trouble FOR TWO YEARS IMPOSSIBLE FOR HIM TO SLEEP

Mr. Chas. W. Wood, 34 Torrance St., Montreal, Que., writes:—"For two years I had suffered with nerve trouble, and it was impossible for me to sleep. It did not matter what time I went to bed, in the morning I was even worse than the night before. I consulted a doctor, and he gave me a tonic to take a half hour before going to bed. It was all right for a time, but the trouble returned with greater force than before. One of the boys who works with me, gave me a box of Milburn's Heart and Nerve Pills. I took them, and I got such satisfaction that I got another box, and before I finished it could sleep any night from 10 p.m. until 6 a.m., and now feel good."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

For Sale by Red Cross Drug Store

Dr. Martel's Female PILLS
NINETEEN YEARS THE STANDARD
Prescribed and recommended for women's ailments, a scientifically prepared remedy of proven worth. The result from their use is quick and

and lives upon it. Human genius and human industry with all their great engines and contrivances and with the aid of all natural stores and forces have not produced one single thing which "can satisfy the heart of man but this lack of kernel is not discovered until the plant has reached maturity." And he adds "The influences that are ripening the world's crop are working in our day with intensified power, just as when at the end of summer every growing thing, is rushed on to maturity owing to intense heat."

Evidences, both startling and impressive, force themselves upon us that "the harvest of the earth is at hand."

The head of one of our greatest evangelical denominations said not long since, "There has grown up in the midst of men a measure of uncertainty, of anxiety, as to what may be ahead in the near future. Conditions in both the home land and in foreign lands are such that nothing but the Gospel of Christ can avert disaster."

An American daily says—"All Europe is a volcano of social turmoil which must come sooner or later to a fearful eruption."

From another comes the following: "Uncertainty and forebodings of evil control the minds of thousands, notwithstanding which there prevails in a large part of the church an optimistic feeling, which is next to delusion."

"The Son of Man shall send forth His angels, and they shall gather out of His Kingdom all things that offend, and them which do iniquity; and shall cast them into a furnace of fire. Then shall the righteous shine forth as the sun in the Kingdom of their Father. Who have ears to hear let him hear."

These words need no apology. They are the words of One whose predictions as to the future are certain of fulfillment as were those of the past.

Never in the history of the world was a time so precious as the present for it would seem as though the door of opportunity were on the point of closing. At any moment we may "behold a white cloud and upon the cloud One like the Son of Man having on of gold, and in His right hand a sharp sickle," and an angel "crying with a loud voice, 'Thrust in thy sickle and reap for the harvest of the earth is ripe.'"

For the wheat and the tares which have been sown are ripening with amazing rapidity to their full manifestation.

In the Name of Him whose I am and whom I serve, let me entreat you not once again to "sleep" while the implanted Word which is able to save your souls.

**IMPORTANT CHANGES IN HOME-
STEAD REGULATIONS**

Important changes in the homestead regulations are announced which should make it easier for a man without money to prove his claim.

Heretofore a residence was counted in three ways:

1. From the date of entry.
2. From the date of commencement of residence.
3. For three periods of six consecutive months within three years.

By the new regulations the officials are permitted to change the commencement dates, so that a man could for instance, reside on the homestead in April, May, June and July.

He might be short of money and have to leave for a couple of months in the past. I he left the four months would not count. Now he can re-enter and put in November, December, and the officials can make the count so that the time put in would count providing there was no overlapping. The change should prove helpful for in the past many a man has lost three or four months owing to his being absolutely compelled to leave to earn money to live on.

In future, a homesteader who lives with his parents, or some immediate member of the family, within nine miles of his homestead will not have to build a house. In the past he had to build a house worth \$300.

The homesteader who lives on his homestead, is relieved of building a \$300 house. Now all he has to do is to build a habitable house.

Laundry Called for and Delivered

Presentation to Mrs. Thibodeau

About thirty-five members of the Ladies Hospital Aid assembled at the home of Mrs. J. F. Fowler on Wednesday afternoon, the occasion being an informal farewell for Mrs. J. T. Thibodeau, who has been the indefatigable president of the society since its inception. During the afternoon she was presented with a very pretty pendant, in which a diamond was nicely arranged in the centre surrounded by pearls. Mrs. H. J. Montgomery made the presentation in a few well chosen words, expressing the regret of the society that Mrs. Thibodeau was about to leave the city, and hoped that she would not forget the pleasant associations of Wetaskiwin friends. Mrs. Thibodeau made a very feeling reply, regretting that she was obliged to leave so many friends. Dainty refreshments were served, and a most enjoyable time was spent.

Winnie Brown of Lacombe has been in the city for the past few days visiting her friend, Edith Fowler. She returns home next Monday and Edith will return with her to spend a week.

Mr. A. Mowatt, M. A., Supervisor of Education for the city of Peterborough who is making a tour through the West stopped off and called on Rev. C. E. A. Pocock and had a look at our city. He was well pleased with the educational facilities of the Wetaskiwin schools.

The excursion of the Edmonton business men who are making a tour through the northern part of the province arrived here on Wednesday evening, and according to their itinerary, spent an hour in the city. As it was 3.30 before they arrived—their train being over two hours late—many of the citizens did not wait to attend the reception. As it was, however, the band was in attendance and rendered several selections in their best style, which was heartily applauded by the visitors. Promptly at 10.30 the special departed for Provost from which point the party will return stopping off at the various stations in the day time.

Calgary Alta., July 18.—Acting Mayor Hornby wrote a letter to-day to the attorney-general at Edmonton asking if arrangements could be made to put hoboes convicted as vagabonds to work on Calgary streets. The local barracks and city jail are filled to overflowing with this class of men and the problem has become acute.

BECAME SO WEAK FROM DIARRHOEA

Had To Quit Work

Diarrhoea, especially if left to run any length of time, causes great weakness, so the only thing to prevent this is to check it on its first appearance. You will find that a few doses of Dr. Fowler's Extract of Wild Strawberry will do this quickly and effectively. Mr. J. R. Calverhouse, Ottawa, Ont., writes: "When in Port William, last summer, I was taken sick with diarrhoea, and became so weak and suffered such great pain, I had to quit work. Our manager advised me to try Dr. Fowler's Extract of Wild Strawberry, so on my way home I bought a bottle, and after taking four doses I was cured. We always keep a bottle in the house. We have also used it for our children, and find it an excellent remedy for summer complaint."

Price 35 cents. When you go to get a bottle of "Dr. Fowler's," insist on being given what you ask for, as we know of many cases where unscrupulous dealers have handed out some other preparation. The genuine is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

When it is Too Late

then you have regrets that you never had that picture taken of your boy or girl. And when it is too late.

WHY NOT

have a group of the Children now while the school is out. You may be sorry if you let this opportunity pass. There is no time like the present and there is no place like this Studio where you think of having your Photo or that of the Family taken.
